ABOUT ME

Dedicated and academically focused Computer Science professional with expertise in Information Technology, Programming, and Higher Education teaching. Currently pursuing a Ph.D. in Computer Science from Marwadi University. Skilled in delivering practical and concept-oriented learning experiences for BCA, B.voc, and school-level students. Passionate about curriculum development, technology integration, student mentoring, and innovative teaching methodologies that enhance academic excellence.

WORK EXPERIENCE

Assistant Professor

2025 – Present

R.B. Institute – MCA Department

- Deliver lectures on Programming, DBMS, Web Technologies, and Software Development for BCA and B.Voc students.
- Conduct practical lab sessions and guide students in academic projects, coding practices, and technical problem-solving.
- Prepare lesson plans, assignments, presentations, question banks, and assessments as per university curriculum standards.
- Evaluate student performance through practical exams, viva sessions, presentations, and continuous academic assessments.
- Organize technical activities, coding workshops, and interactive learning sessions to enhance students' practical and analytical skills.

Computer Faculty – PGT

2023 – 2025

Anand Niketan School

- Taught CBSE Computer Science and Information Technology subjects for Grades 9 to 12 with a strong focus on conceptual and practical learning.
- Designed and conducted SDG-based academic activities, technical competitions, and digital learning programs for student engagement.
- Integrated smart teaching tools, presentations, and technology-driven methodologies to create interactive classroom experiences.
- Conducted practical laboratory sessions, project guidance, and theory lectures aligned with CBSE curriculum requirements.
- Mentored students in coding, digital creativity, and problem-solving skills while maintaining strong academic performance outcomes.

Computer Faculty PGT & IT Head

2021 – 2023

Silver Bells School, Bapunagar

- Managed school IT infrastructure, digital systems, and daily technical operations to ensure smooth academic and administrative workflow.
- Designed creative digital banners, posters, presentations, and promotional materials for academic and institutional activities.
- Maintained student databases, digital records, and administrative documentation with accuracy and confidentiality.
- Provided technical support and software assistance to faculty members, staff, and management for efficient system usage.

EDUCATION

Ph.D. in Computer Science – Pursuing Marwadi University	2026 – Present
Master of Science (M.Sc.) – Information Technology Lokmanya College, Dr. Babasaheb Ambedkar Open University (BAOU) 80% – First Class with Distinction	2021 – 2023
Bachelor of Education (B.Ed.) Sardar Patel College, Gujarat University 85% – First Class with Distinction	2021 – 2023
Bachelor of Computer Applications (BCA) .D. Pandya College, Gujarat University 78% – First Class	2017 – 2020

TECHNICAL SKILLS

- PHP
- Python
- C & C++
- DBMS & MySQL
- Oracle Database
- Web Development
- Data Structures
- Teaching Technologies

SOFT SKILLS

- Leadership
- Communication
- Curriculum Development
- Student Mentoring
- Team Collaboration
- Academic Planning
- Time Management

LANGUAGES

- English – Fluent
- Hindi – Fluent
- Gujarati – Native

ACHIEVEMENTS

- Appointed as IT Head responsible for managing school digital tools, software systems, and technical operations.
- Designed graphics, banners, and posters for academic programs and promotional events.
- Organized and coordinated poster-making competitions, coding events, and technical activities for students.
- Mentored students for SDG-13 (Climate Action) technology-based projects.
- Contributed to syllabus planning, NAAC documentation, and academic quality improvement.
- Recognized for integrating innovative teaching methods and improving student engagement.

PROJECTS

Student Learning Portal

PHP | MySQL | JavaScript

Built a web-based platform for managing assignments, submissions, and course materials, enhancing classroom workflow.

Aadarsh Pathology Lab System

Python | MySQL | Web Development

Built a full-stack patient and lab records management system, streamlining operations and improving data accuracy.
